

## **Music City is Growing!**

The new Music City Center will be opening in 2013! Daily blasting and drilling (Monday through Saturday) will be taking place at the Music City Center site. Please adhere to the posted pre-blast warnings and stay clear of the Music City Center site if you hear them. The warning signals will include:

- A 1-minute series of long sirens 5 minutes prior to the blast
- A series of short sirens 1 minute prior to the blast
- A prolonged siren following inspection of the blast area to indicate that all is clear
